

### PERSONAL INFORMATION

- truongnbn.main@gmail.com
- 0327663738
- https://www.facebook.com/nguyen bui.namtruong
- Quận Đống Đa, Hà Nội

### **HONORS AND AWARDS**

Silver Medal, Regional Mathematics Competition, 2014

First Prize, Provincial 2015 Mathematics Olympiad, 2015

2018 Encouragement Prize, National Mathematics Olympiad, 2018

## **INTERESTS**

- Love exploring new technologies in information technology and Al.
- Love playing chess, watching chess tournaments.
- Exploring and experimenting with new Al tools to optimize workflow.

# NGUYỄN BÙI NAM TRƯỜNG FRONTEND DEVELOPER

### PROFESSIONAL OBJECTIVE

As a React Developer with a strong background in Applied Mathematics and Computer Science from HUST, I bring analytical thinking and solid technical skills in React, Next.js, and Node.js. I'm eager to contribute to your team by building scalable front-end solutions and continuously improving my development capabilities. I aim to grow quickly within the company, evolving from task execution to leading projects as a future Senior Developer. Committed to lifelong learning and collaboration, I strive to deliver impactful solutions aligned with team and business goals.

### **EDUCATION**

#### HANOI UNIVERSITY OF SCIENCE AND TECHNOLOGY // 2018 - 2024

### Faculty of mathematics and infomatics

Bachelor of Science in Applied Mathematics and Computer Science, 2018 - 2024 Hanoi University of Science and Technology. Expected to graduate with honors, specializing in Applied Mathematics and Computer Science.

### **EXPERIENCE**

FRONT-END DEVELOPER // July 2021 - July 2024

### **BKAV Corporation**

Responsibilities:

- Contributed to the development of user interfaces for web and mobile applications.
- Utilized technologies such as HTML, CSS, and JavaScript to build UI components.
- Worked with React.js, React Native, and Ant Design to develop responsive and interactive features.
- Assisted the development team in testing and optimizing website performance.
- · Used Git for version control, JIRA for project management, and was actively involved in Agile development cycles, including sprints and stand-ups.

Tech Stack: React.js, React Native, Ant Design, Git, HTML, CSS, JavaScript. Team size: 5 - 8

### FREELANCE FRONTEND DEVELOPER // April 2024 - October 2024

### **Outsource Project**

- Developed a customer-centric web solution using NextJs in a highly agile environment, where rapid prototyping and iterative feedback were integral to the project's success.
- Achieved an excellent client satisfaction rating and enabled a 40% increase in user engagement metrics through enhancements made based on user analytics and feedback.
- Successfully delivered the project, enhancing user engagement; see the outcome at https://speechconvert.com/.

// October 2024 - now

### **Vccorp Company**

Responsibilities:

- Participated in the development and enhancement of a Content Management System (CMS) tailored for efficient content creation and delivery.
- Leveraged Al-powered tools to streamline code generation, automate repetitive testing workflows, and improve content processing efficiency.
- Developed and maintained dynamic user interfaces using React.js and Tailwind CSS, ensuring responsiveness and accessibility across devices.
- Collaborated closely with a small cross-functional team to implement new features and debug complex UI/UX issues.
- Integrated APIs and ensured data integrity between frontend components and backend services.
- Maintained clean Git workflows, wrote reusable code components, and contributed to sprint planning and code reviews following Agile methodology.

Tech Stack: React.js, Tailwind CSS, Al-based dev tools (e.g., GitHub Copilot, ChatGPT), Git, JavaScript, REST APIs.

Team size: 2 - 6

### PROFESSIONAL KNOWLEDGE:

### PROGRAMMING SKILLS:

- JavaScript, TypeScript: Experienced with libraries and frameworks such as React, NextJS, and Node.js.
- C++: Proficient in object-oriented programming and data structures.

### TOOLS AND TECHNOLOGIES:

- Git: Proficient in using for source code management and team collaboration.
- HTML/CSS: Developing user interfaces for web applications.
- React: Building interactive web applications.
- · Node.js: Developing backend for web applications.

### AI & MODERN DEVELOPMENT

- Al-Assisted Development: Proficient in using GitHub Copilot, Claude, ChatGPT for code generation, debugging and code review.
- Prompt Engineering: Optimizing prompts for AI tools to increase development efficiency and code quality.
- Al Integration: Integrating Al APIs and services into web applications to enhance user experience.

### SOFTWARE DEVELOPMENT SKILLS:

- Agile Software Development: Basic understanding of Agile software development processes and Scrum.
- Software Testing: Experience in writing and executing unit tests and integration tests.
- Code Optimization: Ability to analyze and optimize code performance.

### SOFT SKILLS:

- Teamwork: Ability to work effectively in a team, contribute ideas, and support colleagues.
- Problem Solving: Logical thinking and analytical skills to resolve technical issues.
- Communication: Good communication skills, both written and verbal, to work efficiently with colleagues and clients.
- Creative Thinking: Ability to come up with innovative and breakthrough solutions for complex problems.

### LANGUAGE PROFICIENCY

• English: can read, write and communicate basically
